

Exclusive Options For Extinguisher, Hose, And Valve Cabinets

VIGILANTE ALARM

Larsen's exclusive Vigilante Alarm provides additional protection for a cabinet's life safety contents. The Vigilante can reduce theft losses, help to prolong extinguisher life, and safeguard fire department valves, fire hose, and other equipment. It is constructed of high impact plastic, is plunger activated and includes a heavy-duty 9 volt battery as standard equipment. The on/off jack provides for convenient servicing of the cabinet's contents by authorized personnel.

DIE-CUT LETTERING

Die-cut lettering are state of the art for precise cabinet identification and have replaced silk screen lettering as the industry standard. They are available in standard colors of red, black, or white and the standard designs of vertical, horizontal, or type A - for both direct and indirect application. A selection of the more popular styles is pictured below. Custom lettering, special colors, and pictorial graphics are also available, if specified.

"FIRE" HANDLE

Larsen's die cast "FIRE" handle is an attractive identification option. The raised letters are flush with the face of the handle, and the size makes it interchangeable with Larsen's standard pull handle. The standard style is pictured at the right, and the optional red, black, and white handles are pictured at left.

2409-R2 SOLID DOOR

RECESSED HANDLE

Larsen's zinc alloy, recessed handle is available with Solid, H-Duo, V-Duo, or Gemini Doors. This recessed handle must be specified with 4" projecting cabinet trims in order for the cabinet to comply with ADA wall projection guidelines.

DETENTION LOCKS AND KEYS

Larsen's cabinets for detention facilities can be supplied with a wide variety of security locks and keys. These locks can be either provided and installed by Larsen's or furnished by others and installed by Larsen's. For cabinets in high security areas. Larsen's can supply the HSL II Deadlock or HSL III Latch. These mechanical locks have paracentric keys with the standard keyway. For cabinets in medium or low security areas, Larsen's can supply the MSL Cylinder Lock with the standard keyway. If facility-specific locks and/or keyways are required, please contact the factory. Larsen's supplied locks are pictured below.
